PLAN SWITCHING

Bluebeam Plan Switching is now available for Revu 21 users

Plan Switching makes it easy to ensure your team always has the right Bluebeam subscription they need when needed. Instead of waiting a year for your existing subscription to end, you can switch to whatever upper plan you want. This is what it means to have Bluebeam Plan Switching option now:

Bluebeam Plan switching only works with upgrading, not downgrading. It means you can upgrade from:

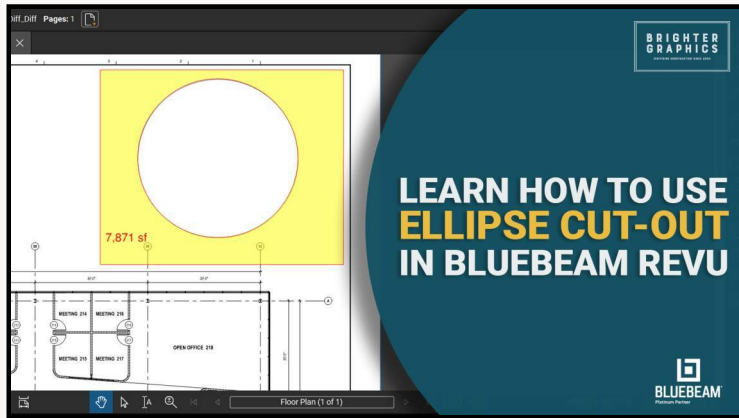

- **BASICS** to **CORE**
- **BASICS** to **COMPLETE**
- **CORE** to **Complete**
